

R/CV/AUT

Automatic filling and dosing machine suitable to pack coffee beans, ground coffee, seeds, grained products, flours and powders in tinsplate and plastic cans, cardboard boxes with capacity till 500 g. Capacity of the incorporated hopper 50 dm³

Automatic dosing filler suitable for packaging coffee beans, ground coffee, seeds, granulates, cocoa, flours and powders in jars, bags, cardboard boxes and plastic containers with a capacity up to 500 g.

Capacity of the built-in hopper 50 dm³, dosage change up to 500 g with simple configuration operation on the control panel.

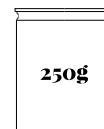

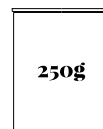

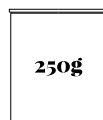

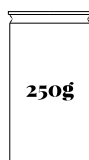

- Work with one button
By simply inserting the weight and pressing a button, the filler is ready for use.
- Precise for large production
Able to keep the filling level constant even on large quantities and on industrial production.
- Flexible
Suitable for sudden product changes due to the simplicity with which it is possible to clean the loading system.
