

AM/M₂/ROT/SV/IG

Semiautomatic seamer for closing containers from 2 to 4 kg. vacuum, in a normal atmosphere or in a protective atmosphere with gas injection.

The machine AM/M₂/ROT/SV/IG is a semiautomatic seamer that allows to close tinplate cans from 2 to 4 Kg in a normal atmosphere, vacuum-packed or in a protective atmosphere.

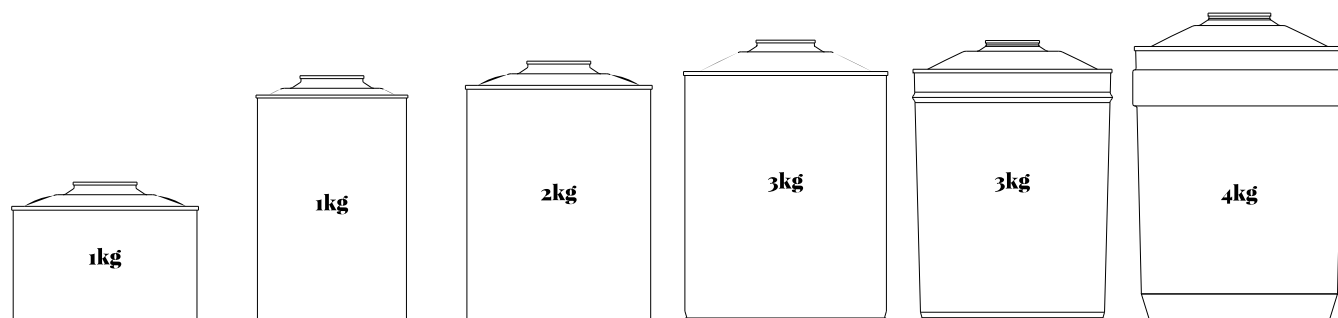

- Semiautomatic for big formats
The first sem-automatic designed and built for big format packaging.
- Precise
We are able to obtain the lowest percentage of residual oxygen thanks to the use of technologically advanced products.
- Cheap and sturdy
In the semiautomatic version it is possible to save on investment by safeguarding the technical characteristics that make it in any case suitable for high-level industrial production.
